

We help nonprofits fundraise by auctioning off once-in-a-lifetime golf experiences.

### Our Story

In May of 2020 we launched our first charity golf auction in support of New York City Hospital Workers affected by COVID-19. What started out as a small side project, resulted in over \$101,000 raised in seven days, equating to over 10,000 meals for frontline workers.

Our story was featured in the New York Post, Forbes, Golf Magazine, Golfweek, PGA TOUR Radio as well as countless other media outlets.

We've since run more than 100 campaigns for over 85 amazing nonprofits and have raised over \$5,000,000 by auctioning off once in a lifetime rounds of golf including over \$217,000 in one week for the American Cancer Society!

### How Does It Work?

Thank you for your willingness to support the nonprofit of your choice in the form of an in-kind donation round of golf!

- Your donated item will be auctioned off alongside other rounds of golf online during a week-long auction.
- Click on the scheduling link provided to you by the nonprofit and enter all of the necessary information pertaining to your donation.
- **Most importantly:** Fill out as many available dates as possible!
- Your in-kind donation can be used for tax purposes. The nonprofit organization will reach out with a form for you to use.
- After the auction ends the winner of the item will be sent a scheduling link to view all of the information you filled out as well as available dates
- Once the winner selects a date, all parties will receive a calendar invite confirming the specified date.
